WORK EXPERIENCE

Dec 2021 – Present

Unschool
Full-stack developer - Full Time

- Designed and Developed a responsive internship website from scratch, hosted on AWS, and optimized it to **100% performance and SEO**. Increased the website **lead generation to 10x**.
- Worked on setting up MySQL, phpMyAdmin, and WordPress on **AWS EC2 instance** and launched a blog page in the subdirectory of the website.
- Have designed and developed an internship portal and admin panel built on **react and firebase** with a tight timeline of under 48 hours.
- Developed and deployed **4+** new product-line and partners' responsive landing pages in the current codebase written in a react-based framework increasing **5x traffic** on average.
- Have been POC for tech partners like **Leadsquared**, Chargee, Razorpay, and many more.
- Collaborated with the tech teams for maintaining the codebase and completing projects before deadline.
- Working closely with **marketing**, SEO, and **product** team for improving the website ranking and user journey.
- Have been awarded employee of the quarter for exceptional work on solely managing entire tech department of the organization.
- Managing the entire Tech department and **working closely with co-founders** for implementing solutions and features to improve the user experience of the product.

June 2021 – Aug 2021

1stop
